Departmental Activities Report

Computer Engineering, 2024-2025

General Statement:

By Mr. Mousa M Amin

It is with great pleasure that I share with you the Departmental Activities report for the fall and spring semesters of the academic year of 2024-2025 for the Computer Engineering Department, Tishk International University. it is through careful planning and strong commitment by our department staff and students that we have maintained our normal enrollment and graduation rates at the undergraduate levels despite all challenges. Moreover, we have increased the number of published researches through a hardworking and concrete plan. During this year, many academic and nonacademic events were conducted by our department.

As I share with you the department's activities report, I stress our continued commitment to the highest levels of excellence in both teaching, research and social activities and our unyielding mission to further the reach of Computer Engineering as they continue to impact our world in positive and profound ways.
