Med Kamal  
2023 President

8 March 2023

Dear Officers:

Congratulations, the Tishk International University 6367 student chapter is officially established as of 2/15/2023.

Student chapters provide the opportunity for SPE student members to engage in technology discussions at SPE events, network with industry professionals, and learn more about the industry. Each student chapter around the globe is unique, with the autonomy to develop programs specific to the needs of its members and university. SPE's accomplishments throughout our history have been driven by our dedicated members, many of whom joined SPE during their time at university.

Please accept my congratulations and those of the SPE Board of Directors on your establishment. We truly appreciate your dedication and support to SPE.

Sincerely,

Med Kamal  
2023 SPE President
